VERONA DESIGN

Established nearly a decade ago, Verona Design is an award-winning vibrant landscape architecture design firm based in Kuala Lumpur, Malaysia founded by LAr. Juita Wan Hashim. The success of the firm is attributed to her vision in pursuit of excellence. “Verona” is derived from Italian term that signifies “Truth” and “Genuinity.” At Verona, we truly and truthfully working optimally in line with our interests, abilities, values, strong credibility, integrity and shared enthusiasm.

Verona Design works reconnects human beings with nature in precise and extraordinary approaches whilst addressing the worldwide issues of global climate change and biodiversity extinction which was fragmented by anthropogenic disturbance. Our aspiration is to create an exquisite, inspirational, sustainable and innovative landscape design spaces with distinctive identity, while improving the quality of human health, life and well-being. Our rigorous research process enable us to engage our design with cultural and social context, simultaneously capturing the essence of the site.

We work collaboratively with clients, exploring options, overcoming challenges and developing optimal solutions to cater for individual needs. We strive to go beyond expectations, through our personal touch and by empowering our clients at every step of the design process. For a landscape project to be notable, we believe that the client and the design consultant team must work in synergy, with a dynamic and collaborative dialogue to achieve seamless integration of all design elements. Our varied portfolio includes High-Rise & Low Rise Residential Projects, Parks, Institutional, Commercial, Mix- Development, Industrial, Landscape Research and Landscape Master Planning.
