Headquartered in Malaysia, Clouston Design Studio (M) Sdn Bhd has over 30 years of experience in landscape architecture, landscape master planning and landscape study. Clouston have been at the forefront when it comes to providing a wide range of services namely for projects that includes parks and open spaces, landscape planning, infrastructure institutions, commercials and residential developments.

Clouston, headed by LAr. Norliza Mohd Yusof and LAr. Vivi Zuriati Azmi, has won multiple awards relating to landscape architecture, and is also a registered practice with the Institute of Landscape Architects Malaysia.

At Clouston, we put an emphasis to the philosophy of 'human-centered design'. It is a creative approach to problem solving and the backbone of our work as it puts a sense of responsibility towards enhancing human values and creating sustainable living lifestyles.

Clouston is also committed in integrating sustainability design principles by adopting the Green Project Management’s P5 standard for sustainability in project management onto our projects to ensure lasting significance, reconnection between neighborhoods and habitats, and contributing in a carbon neutral future.

We believe that with our projects, we are representing landscape architects to inspire our stakeholders as we address the collective human experience and environmental issues.
